

THE ELECTRICAL SAFETY COALITION

'Just Don't Ask' Electrical Safety Campaign Launch Day Agenda

Who:

The Electrical Safety Coalition of Ontario

When:

June 12, 2009 -10:00am to 11:30am

Where:

The Centre for Health and Safety Innovation
5110 Creekbank Road
Mississauga, On
(in the Presentation Centre)

Our Host:

Electrical & Utilities Safety Association

Agenda:

- 10:00 to 10:15 - Introduction and welcome by Master of Ceremonies: Dr. Ted Vandevs, CEO, Electrical & Utilities Safety Association
- 10:15 to 10:30 - John Pender, Executive Secretary Treasurer, International Brotherhood of Electrical Workers, Construction Council of Ontario
- 10:30 to 10:45 – Peter Marcucci, Vice President, Regulatory Affairs, Electrical Safety Authority of Ontario
- 10:45 to 11:00 - Maureen Shaw, President and CEO, Industrial Accident Prevention Association
- 11:00 to 11:15 - Eryl Roberts, Executive Vice President, Electrical Contractors Association of Ontario
- 11:15 to 11:30 - Q & A with Dr. Vandevs and all speakers.

This important initiative, a first of its kind in North America, will serve to empower electrical workers who are asked to 'work live' when there is no valid reason for doing so (exclusive of utility and power line workers where working live is often a required condition of repair and outage).

The unique risk mitigation and harm reduction interventions created by the Coalition, will suppress the 'demand' for workers to engage in a practice which is responsible for 50% of all injury and death, due to occupational contact with energized electrical equipment or machinery. The Coalition members look forward to having you join them for this important, industry wide safety campaign launch.
